

Notch photo electric switch

■ Technical parameter

Basic parameter	Notch Photo electric switch
Picture	
Case lenght	See the dimensions
Shape classify	OppositeReflex
Moving distance Sn	40mm
working distance Sr	80%Sn
Reset accuracy	5%Sr
Output way	NPN or PNP
Output logic	Anode or negative
Moving direction	LED Red LED
Frequency response	8KHZ
Operating voltage	8~35V 100mA
Outlet mode	Cable
Operating temperature	-10~60℃
Storage temperature	-20~70℃
Protection	IP67
Weight	0.2Kg

■ Dimension(mm)
